The <b>Fire Watch</b> is an organization dedicated to ending Florida <b>veteran suicides</b> . They do that by activating local assets to stand watch, and to build a life-saving response network. They train members of the veteran community to recognize a potential suicide moment or event, and then to initiate a protocol of steps. Since we are always in the presence of veterans who served in combat, this could be a great experience and asset for us. The session is free.

## WE NEED YOUR ASSISTANCE !

The **FIRST CITY HONOR GUARD** is in the process of collecting **USED AMERICAN FLAGS** from each of the 50 states and the District of Columbia for a very special flag retirement ceremony next year as a part of our 250th American Birthday Celebration.

We have collected a few and have some members working with family and friends to get us more.

There is a list on the Bulletin Board by the back door to keep track of what we have, what we are working on, and what we need.
